Bulletin

of the

Torrey Botanical Club

Volume 98

THE OLDEST BOTANICAL JOURNAL OF THIS HEMISPHERE

FOUNDED BY WILLIAM HENRY LEGGETT 1870

Editor

Gily E. Bard

Associate Editors

Clark T. Rogerson (Index to American Botanical Literature)

Calvin J. Heusser, (Torreya) **Theodore Delevoryas (Memoirs)**

Editorial Consultants

Dominick V. Basile
Walter F. Bertsch
Murray F. Buell
Barbara F. Palser
Ghillean T. Prance
Luigi Provasoli
Yaakov Sheehter
Dewayne C. Torgeson

Eleanor R. Witkus

Manuscripts intended for the Bulletin should be sent to Dr. Gily E. Bard, Department of Biological Sciences, Herbert H. Lehman College, City University of New York, Bronx, N. Y. 10468. Material for Torreya should be sent to Dr. Calvin J. Heusser, Dept. of Biology, New York University, P.O. Box 608, Tuxedo, New York 10987.

Subscriptions, advertisements, and claims for missing numbers should be addressed to Dr. Gary Smith, N. Y. Botanical Garden, Bronx, New York 10458. A subscription to the Bulletin is $12 per year. Claims for missing numbers must be made within one year from date of issue.

Requests for back numbers of the Bulletin and other publications of the Torrey Botanical Club should be sent to Walter J. Johnson, Inc., 111 Fifth Ave., New York, N. Y. 10003.

The Index to American Botanical Literature is printed on cards by G. K. Hall & Co., 97 Oliver St., Boston, Mass. 02111 to whom inquiries and orders should be sent.

New York

1971

PRINTED BY BUSINESS PRESS

Entered as second-class matter October 8, 1940 at the post office at Lancaster, Pa., under the Act of March 8, 1879. Accepted for mailing at the special rate of postage provided for in the Act of February 28, 1925, embodied in Paragraph (d-2) Section 34.40 P. L. & R. of 1948.

XUM

THE TORREY BOTANICAL CLUB

Officers for 1971

President: Herman F. Becker

Vice-President:
Dorothy D. Hammond

Corresponding Secretary:
Annette Hervey

Recording Secretary:
Mathilde P. Weingartner

Treasurer:
Grace A. Dietz

Editor:
Gily E. Bard

Associate Editor, Torreya:
Calvin J. Heusser

Manager of Publications:
Gary Smith

Bibliographer:
Clark T. Rogerson

Historian:
Clark T. Rogerson

Member, Board of Managers
The New York Botanical Garden:
Peter K. Nelson

Chairman, Local Flora Committee:
Andrew Greller

Representatives on the Council of the AAAS

William J. Crotty William C. Steere

Ex-President 1969: Lawrence P. Miller

Ex-President 1970: Lawrence J. Crockett

Elected Members of the Council

1969–1971

David Fairbrothers
Calvin Heusser
James Montgomery
Eleanor R. Witkus

1970–1972

John A. Behnke
Arthur J. Cronquist
Norman P. Marengo
Donald Ritchie

1971–1973

Dominick V. Basile
James Quinn
Michael J. Schneider
Richard Staples

Field Committee

Andrew Greller, Chairman
Robert Aborn
Barbara B. Cook
David E. Fairbrothers
Elizabeth C. Hall
George Kalmbacher
J. Harry Lehr
James K. McGrath
Robert C. Meyer, Jr.
Mathilde P. Weingartner

CONTENTS

Identity and status of two species of *Diplodia* affecting *Syzygium* species ..... BITTIRA AIYAPPA ULLASA 1

Cultural studies on *Psilocybe*. I. Variation in a new species of the *P. coprophila* group KENT H. McKNIGHT 4

Genetic and morphological relationships of the southeastern coastal plain endemic *Ruellia noctiflora* (Acanthaceae) ..... ROBERT W. LONG 16

Some fruit characteristics of interspecific hybrids and extent of self-sterility in *Pyrus* M. N. WESTWOOD AND H. O. BJORNSTAD 22

The possible ecological significance of the light requirement for germination in *Cyperus inflexus* ..... JERRY M. BASKIN AND CAROL C. BASKIN 25

Mode of sexual reproduction and early development in *Myriangium bauhiniae* ..... J. S. TENDULKAR 33

Notes on tomentelloid fungi III. New species of *Pseudotomentella* ..... M. J. LARSEN 38

Anatomical study of the endotrophic mycorrhizae of *Acer rubrum* . RICHARD J. MEDVE 41

TORREYA

A demonstration of phloem in the Podostemaceae ..... GEORGE R. ROMANO AND JOHN D. DWYER 46

Proliferating sporidia in *Ravenelia hobsoni* (Uredinales) ..... K. R. GOPINATHAN NAIR 48

Characterization of two *Galinsoga* R. & P. species from New Jersey by achene length/width ratio and the presence of marginal cotyledonary hairs ..... DONALD A. BRADEN AND JOSEPH C. CIALONE 50

Field trip report 53

Book review 53

Index to American botanical literature 54

Invasion of trees in secondary succession on the New Jersey piedmont ..... MURRAY F. BUELL, HELEN F. BUELL, JOHN A. SMALL AND THOMAS G. SICCAMA 67

Allelopathic effects of *Platanus occidentalis* ..... FALAH ABDUL-GHANI AL-NAIB AND ELROY L. RICE 75

Allelopathic effects of *Celtis laevigata* .....M. A. K. LODHI AND ELROY L. RICE 83

Net primary production of herbs in a central Illinois deciduous forest ..... F. A. BAZZAZ AND L. C. BLISS 90

Pedunculate bracts of *Tilia* from the Tertiary of western United States ..... JOHN W. HALL AND ALBERT M. SWAIN 95

The occurrence of *Dictyota* in Washington ..... J. ROBERT WAALAND 100

XUM

Lichen sensitivity to hydrogen fluoride ..... THOMAS H. NASH III 103

A new *Frasera* from southern Nevada (Gentianaceae) ..... JAMES L. REVEAL 107

TORREYA

Ambrosia bidentata: a new ragweed in the Torrey range .....
JESS PAUL HANKS AND ALAN J. LEWIS 109

Polyembryony in *Ruellia humilis* Nutt. ... JERRY M. BASKIN AND CAROL C. BASKIN 109

New distributional areas of *Aeschynomene americana* Linn. (Fabaceae) .....
J. K. MAHESHWARI AND T. K. GHOSH 111

Book reviews 112

Index to American botanical literature 115

Interpretation of pollen in amber from a study of pollen in present-day coniferous resin ..... JEAN H. LANGENHEIM AND ALEXANDRA BARTLETT 127

On *Palaeostachya decacnema* from the Middle Pennsylvanian of Kansas .....
GILBERT A. LEISMAN AND JANE L. BUCHER 140

Further studies on productivity, nutrient and pigment relationships in *Typha latifolia* populations ..... CLAUDE E. BOYD 144

Notes on capnodiaceous fungi II: *Leptocapnodium* ..... DON R. REYNOLDS 151

Effects of scopoletin and chlorogenic acid on stomatal aperture in tobacco and sunflower ..... FRANK A. EINHELLIG AND LI-YING KUAN 155

Seasonal effects on soluble sugars and cytological aspects of *Polygonatum canaliculatum* rhizomes ..... EDWARD L. ERVIN AND GLENN SYPERDA 162

Mature upland forests of Cape May County, New Jersey .....
JOHN M. BERNARD AND FLORENCE A. BERNARD 167

TORREYA

Fred Jay Seaver, 1877–1970 ..... OTTO DEGENER 172

A clarification of some misconceptions about *Amphicarpum purshii* (Gramineae)
J. R. GRAY AND D. E. FAIRBROTHERS 174

Book reviews 175

Index to American botanical literature 177

Notes on American Vaucheriae ..... JOHN L. BLUM 189

Ophioglossum leaf sheaths: Development and morphological nature .....
BRUCE W. McALPIN 194

Genome relations among *Agropyron spicatum*, *A. scribneri*, *Hordeum brachyantherum*, and *H. arizonicum* ..... DOUGLAS R. DEWEY 200

Premeiotic changes in *Ornithogalum virens* ..... STEPHEN STACK 207

An intergeneric hybrid in the Sileneae (Caryophyllaceae) .....
RICHARD E. CRANG AND H. L. DEAN 214

TORREYA

Eleanor Yarrow, 1920–1971 ..... HERMAN F. BECKER 218

Haploid plantlets and callus from immature pollen grains of *Nicotiana and Lycopersicon* ..... W. R. SHARP, D. K. DOUGALL, AND E. F. PADDOCK 219

Additional chromosome numbers in *Chrysothamnus* (Asteraceae) .....
LORAN C. ANDERSON 222

Environmentally induced morphological changes in *Oocystis lacustris* (?) Chodat (Chlorophyta) ..... JOHN W. FOERSTER 225

Field trip reports 227

Book reviews 229

Index to American botanical literature 231

The allelopathic potential of *Avena fatua*: Influence on herb distribution .....
ROBERT O. TINNIN AND CORNELIUS H. MULLER 243

In vitro growth of corn endosperm ..... M. H. SUN AND A. J. ULLSTRUP 251

Monoscalitheca, a synonym of *Biscalitheca* (Coenopteridales) . ARTHUR A. CRIDLAND 258

Survey of occurrence of liquid or soft endosperm in grass genera .....
EDWARD E. TERRELL 264

Measurement as a means of identifying fossil maize pollen, II: The effect of slide thickness ..... DONALD R. WHITEHEAD AND MARK C. SHEEHAN 268

TORREYA

Germination of winter annuals in July and survival of the seedlings .....
JERRY M. BASKIN AND CAROL C. BASKIN 272

Chromosome numbers in Caryophyllaceae from Wyoming and adjacent states
ROBERT L. HARTMAN 276

Chromosome numbers in certain West-Himalayan bicarpellate species .....
L. S. GILL 281

Notes on the occurrence of *Gymnosporangium ellisii* in Mississippi .....
LIONEL N. ELEUTERIUS 281

Field trip reports 282

Book reviews 283

Index to American botanical literature 286

XUM

Reproduction of three species of oak in relation to vegetational and environmental gradients in the southern Blue Ridge ..... CHARLES H. RACINE 297

A triploid elm *(Ulmus pumila* × *U. rubra)* and its aneuploid progeny ..... FRANK S. SANTAMOUR, JR. 310

Secondary succession and soils on the inner coastal plain of New Jersey ..... JESS PAUL HANKS 315

Significance of the patterns of CO_2 exchange to the ecology and phylogeny of the Tillandsioideae (Bromeliaceae) .... DAVID H. BENZING AND ANTOINETTE RENFROW 322

The status of the genus *Actinomeris* Nutt. (=*Verbesina* L.) as revealed by experimental hybridization ..... JAMES R. COLEMAN 327

A new *Penstemon* (Scrophulariaceae) and *Grindelia* (Asteraceae) from southern Nye County, Nevada ..... JAMES L. REVEAL AND JANICE C. BEATLEY 332

TORREYA

Interactions between wood decay fungi and *Streptomyces* species ..... R. C. De GROOT 336

A simple device for improving herbarium covers ..... REX O. BARE AND JANET E. BARE 340

Hemileia buntingii on *Strophanthus* in West Africa ..... J. T. BALDWIN, JR. 342

Leaf buds in tomato (*Lycopersicon esculentum*) ..... R. C. CHAUDHARY 343

Book reviews 345

Index to American botanical literature 347

Index to Volume 98 356

Dates of issue of Volume 98

No. 1, January–February ..... 19 March, 1971

No. 2, March–April ..... 4 May, 1971

No. 3, May–June ..... 30 June, 1971

No. 4, July–August ..... 24 September, 1971

No. 5, September–October ..... 27 December, 1971

No. 6, November–December ..... 10 April, 1972

XUM

INDEX TO VOLUME 98

Names of contributors and of authors of books reviewed are printed in CAPITALS. Titles in quotes, standing alone, are of contributed papers. Titles in *italic*, standing alone, are of books reviewed. Names of new genera, species, varieties, and combinations are printed in **bold face**. Numbers in **bold face** refer to pages where such a name is accompanied by a description or illustration. Numbers in *italic* refer to pages on which a name is listed as a synonym. Page number for a plant entity is given for only the first time it appears in any one article.

ACADEMY OF SCIENCES OF THE USSR: Contemporary virology (Review), 175.
Acer rubrum, 41.
"Additional chromosome numbers in *Chrysothamnus* (Asteraceae)," 222.
Actinomeris, status of the genus, 327.
Aeschynomene americana, 111.
Agropyron scribneri, 200; *spicatum*, 200.
Agrostis, endosperm in, 264.
Airopsis, soft endosperm in, 264.
"Allelopathic effects of *Celtis laevigata*," 83.
"Allelopathic effects of *Platanus occidentalis*," 75.
"The allelopathic potential of *Avena fatua*: Influence on herb distribution," 243.
AL-NAIB, FALAH ABDUL-GHANI, and ELROY L. RICE: Allelopathic effects of *Platanus occidentalis*, 75.
Alopecurus, endosperm in, 264.
"*Ambrosia bidentata*: a new ragweed in the Torrey range," 109.
Ammochloa, soft endosperm in, 264.
Amphicarpum purshii, 174.
"Anatomical study of the endotrophic mycorrhizae of *Acer rubrum*," 41.
ANDERSON, LORAN C.: Additional chromosomes numbers in *Chrysothamnus* (Asteraceae), 222.
